Daily Nevada State Journal

C. C. FOWNING, Editor and Proprietor

FITCH FOR CONGRESS.

The Silver State gives Tom Fitch the following send-off: "The silver-tongued Fitch is a candidate for Congress before the Republican Convention. Should he receive the nomination the Democrat should endorse him and let him go to Congress untrammelled by party pledges and with full liberty to act independent of the dictates of King Caucus. A man of Fitch's attainments and eloquence, free from party restraints and determined to do all in his power to place silver on a par with gold, would be worth a million dollars to Nevada in the next Congress, as it would be certain to secure free coinage."

Speaker Reed, in his speech in Boston Wednesday night, made a good point when he said that heretofore the Democracy had been deriding and denouncing the accumulation of a surplus in the Treasury, but now, when it was proposed to reduce the tariff by \$50,000,000 and obliterate the surplus, these same Democrats are deriding the absence of a surplus. The Speaker showed that the expenses and receipts of the Government are about to meet, but the fact is that such a result was not brought about by extravagance in expenditures. Whereas innumerable schemes to get money from the Treasury have been concocted, not one of them has been able to succeed. Truly, as Reed observed, whenever the country demands great things to be done the Republican party must do them. The Democracy is now where it has always been—obstructing, filibustering and antagonizing progress. It needed heroic measures to defeat the obnoxious wharves and impulses of the Democrats to Congress and the Republicans did not hesitate to adopt them.

The Democracy of South Carolina are having a vigorous fight over the nomination of a candidate for Governor. The "Farmers' Alliance" branch of the Democracy seems to have taken a march upon the regular Democratic organization, and are determined to have things their own way. The regular Democracy are resolved to carry the fight into the campaign and hope to be successful, yet the issue may be regarded as doubtful.

In promotion of the efficiency of the postal service Mr. Wauwauker says he wants to try the experiment of giving the Postmaster of a town of 500 \$100 a year; he will cause one delivery a day to be made through the town. Another scheme of his is to pay the school teachers to distribute, through the pupils, daily, the mail matter that the Postmasters shall send them.

Small pox has broken out in the Guatemalan army. The soldiers are to be pitied.

Lincoln County Items.

Pioche Record, August 30th.

An unusual amount of sickness prevails in town at present, and four cases of typhoid fever are reported.

The general increase here in all classes of business during the past year is notable and promises to further improve, or to at least remain as it now is.

The U. P. railroad graders in the valley are rapidly finishing the road bed at the terminus. The grade for the main track, switch and "Y" is thrown up and is plainly seen from the court-house, from which it is distant less than three miles.

The Salvation Army was out in force Thursday night. We understand that arrangements have been made for suitable burials and as soon as required and completed night meetings will be held. To the meantime open prayer and singing will be held as usual.

Whether from the fact that the stipend attached to each county office in Lincoln is small and also hard to get, or that the political field is full of so-called "dark horses" we are not aware, but so far, little if anything is heard of prospective candidates for county office.

A. G. Campbell has let two contracts to sink 100 feet each on two of his claims situated in Yellow Pine district in the southeastern portion of the county. Mr. Campbell has great faith in these mines and has already expended a great deal of money in developing them, and we hope soon to hear of him making a rich strike.

Feed grain is scarce and all that comes into town is quickly sold at from 30 cents upwards. J. Eisenman is now marketing the crop harvested this year on his place in Pahreun valley. The season there is fully three weeks ahead of Utah. This season now affords a market for large quantities of feed grain owing to the number of teams engaged in hauling wood, ore and coal here, and those employed near here in throwing up the rail.

Who Else Wants to Try Him?

Virginia Chronicle: "Mr. Wm. K. Krog naturally feels much disappointed and mortified at the inexcusable action of his opponent at the closing of the late contest. He claims that he had him whipped before the battling process started in, and as an earnest of his opinion and feelings on the subject he states that he will fight any other man in the county of similar weight to himself for from \$1,000 to \$5,000 a side, when or where as may be agreed upon."

Sam Longbaugh, says the Carson Appeal, has a cow that has given birth to three calves in ten months; the last two were twin bulls. Such a cow would be a good animal to restock the ranges.

WEATHER PROPOSITIONS.

An Old Timer's Observations and Propredictions.

John McKinney, of Sugar Pine Point, Lake Tahoe, one of the most experienced and observing navigators and residents of that glorious mountain lake, says the Virginia Chronicle, gives it as his opinion that the coming Winter is liable to be as heavy as the last, and perhaps a little worse. He bases his calculations on the fact that the ice comes grow mostly at the top of the trees this season, and also on the prevailing winds of the Summer at the lake and other indications. Thus far he claims to have won every bet he has made on the weather of that locality and won more bets than he or his friends could ever use.

There is another curious feature about Lake Tahoe and its surroundings, which McKinney says you can bet on every time, the surface of the surrounding mountains which slope toward the lake is about equal to the surface area of the lake. It is a known fact that a foot of snow is equal to an inch of water, and so John knows that when there is fifteen feet of snow on the land that the lake will rise fifteen inches in the Spring.

This Spring, however, it ran over four inches; that is there were four more inches of water in the lake than there were feet of snow surrounding the lake. This excess was caused by the deep snow holding a heavy rain which lasted forty-eight hours.

Lassen News Items.

The following were clipped from the Sacramento Advertiser and Mail, of the 4th instant:

Honey lake is full. It got so last Winter and has not yet gotten over it.

A move is being made to annex Sierra valley to Nevada county. It is likely that Sierra county will object.

There has been quite a number of "toughs" in town lately. Our people will to well to keep their eyes open for possible developments.

All the Honey lake west-side farmers are threshing their crops of grain now, or getting ready for it, or sipping up after it's over.

The New Era is authority for the statement that B. L. Sloss and Fred Smith have purchased the Modoc Independent, and will conduct the same as a Democratic paper. We wish the boys all the success possible.

The twenty-two inch iron pipe which is being shipped through town for piping water onto Mr. Moore's land, has lain under ground fourteen years or more, but has not been affected in the least by rust. The asphaltum coat has preserved it nicely.

The road between this place and Big Meadows are in worse condition at present than ever before. The dust is very deep and traveling in that direction is nothing pleasant.

The races for the District Fair to be held at Quincy are all filled—fifty horses in all. A fine shower of rain purified the atmosphere in fine shape last Friday and the mornings are now "braising."

A new wagon road has been opened from Secret valley to Logan. This will be a great saving in distance for the northern travel.

The Red Rock Reservoir Company are prosecuting their work with energy. Fifteen scrapers and a full crew of men are at work, and the dam will be completed to a height of fifty feet in a short time.

Monday morning at about 4 o'clock the dam in Susan river at the Bremner, Woodman & Leavitt saw mill, a mile west of town, washed out. The loss is quite a heavy one and it is hard to say just how much the company is damaged.

A telegram received from Oakland, Cal., Thursday afternoon announced the death of Dr. W. S. Bronson of Virginia City.

"O, ah, let me see, what do you give for a cold on the chest?" asked Jones, in a sort of indifferent tone, of a doctor with whom he was slightly acquainted, as he met him on the street. "Advice," was the laconic reply. "So do we." "We advise you not to neglect that hacking cough and drowsy feeling, the coated tongue, the falling appetite, the indigestion and general lassitude and debility—that 'tired feeling,' as so many express it. Take Dr. Pierce's Golden Medical Discovery, in time, and it will not disappoint. It is not only the most wonderful alternative, or blood-cleanser, known to medical science, but also possesses superior nutritive and tonic or strength-giving properties. It improves digestion and builds up both flesh and bone when, from any cause, they are reduced below a healthy standard. For Bronchial, Throat and Lung Diseases, accompanied with lingering coughs, the 'Golden Medical Discovery' is absolutely unequalled as a remedy. For Weak Lungs, Spitting of Blood, Short Breath, Consumptive Night-sweats, and kindred affections, it surpasses all other medicines. It's the only lung remedy, sold by druggists, guaranteed to benefit or cure, in every case, or money refunded."

\$500 OFFERED for an incurable case of Catarrh in the Head, by the proprietors of Dr. Sage's Catarrh Remedy. By its mild, soothing and healing properties, it cures the worst cases, no matter how long standing. Only 50 cents. Sold by druggists everywhere.

India's Railway Tunnel.

An article in The Allahabad Pioneer gives some interesting particulars concerning the tunnel that has just been completed through the Khojak, on the railroad from Quetta to Candahar. The Khojak pass is 7,500 feet above the sea and about 2,000 feet above the level of the surrounding country. The tunnel pierces the range at right angles, and its course is therefore due east and west, and it enters the hill about 1,000 feet below the crest of the pass. The length of the tunnel is 12,600 feet, or two and a half miles approximately, and it will carry a doubleline of rails. For the first half the floor ascends about 1 in 1,000, and for the second half of the journey it descends at an incline of 1 in 40. There are two main shafts, one 818 feet and the other 390 feet deep, which were sunk in order to facilitate the construction of the tunnel.

The chief obstacle to progress arose from the flooding of the tunnel at more than one point. A large spring was cut, and the water flooded the shaft on the Candahar side to the depth of 180 feet. It took ten weeks to pump out the water, and in the western heading as much as 500 gallons a minute were constantly rushing out of the west mouth. In order to overcome this difficulty a side cutting had to be made. The magnitude of the work is testified to by the banks of shale and rock at the mouths of the tunnel and at the pitheads, which are said to be quite altering the landscape in places. One curious discovery made during the progress of the work, as the result of an investigation into the cause of certain mysterious explosions, was that it was proved that "combustion had arisen inside a case of blasting gelatine."

Another Drug Abomination to Be Avoided.

Exalgine is the name of a new drug similar in composition to antipyrin and antifebrin, which has lately been the object of much laudation for its energy as a pain killer. Neuralgias of all kinds, wherever located, are generally dispelled by its use in about half an hour at the outside. Frequently the pain does not return, and the cure is permanent, but sometimes there may be a relapse and further doses are necessary. Exalgine, however, has been engaging the attention of Dr. Bardet and Dr. Dujardin-Beaumetz, two French physicians who have been making an investigation into the therapeutic qualities of this substance. While they agree as to the activity of the drug in destroying pain, the doctors are equally unanimous in their opinion as to the danger of its use. The new pain killer is a powerful poison as well as a sedative, and its action affects the brain, giving rise to violent convulsions like those of epilepsy. The moral of the findings of MM. Bardet and Dujardin-Beaumetz is that it is better to endure pain than to resort to the use of so dangerous a drug to assuage it.—Journal of Health.

A New Clock for Race Courses.

R. M. Johnson, sheriff of Keokuk county, Ia., has invented and patented a horse timer which he believes will become very popular on race courses. The dial is about three feet in diameter, and its divisions and subdivisions are marked with sufficient distinctness to be seen from any part of the ordinary grand stand.

The markings divide the circumference of the dial into minutes, seconds, half seconds, quarter seconds, eighth seconds and sixteenth seconds. The hands may be stopped or started instantaneously by touching a button at the back of the case. The minute hand makes one revolution in twelve minutes, and the second hand makes a revolution in one minute. Both may be turned to the starting point instantly and easily. The escapement is a half second beat.—Jewellers' Weekly.

An Electric Storm.

Dubuque, Ia., has been treated to a great electrical storm, which was not attended by loss of life, though telegraph and telephone instruments were burned out and some damage was done to property. It is quite probable that the electric wires helped to protect the people from a storm of unusual violence. The great balls of fire that are reported to have exploded, doing no damage, have been observed before. Sometimes they are harmless, but more frequently they kill. As many as eight men have been killed at one stroke, and so instantaneously that their dead bodies have remained in the attitude of life.—New Orleans Picayune.

A Needle in the Bone.

A dispatch from British Columbia says that Miss Kelly, of New Westminster, imagined she broke her leg by a sudden movement of the limb. Doctors were called in and could discover no break, but decided to open an abscess which had developed near the supposed break. On an incision being made a large sized darning needle was found, the point of which penetrated the bone. The needle was removed and the young lady is rapidly recovering. She has been lame since childhood, and it is supposed the needle entered her foot then and gradually worked up to where it was found.

While drawing water from a well a Perry (Ga.) boy pulled out a monster that resembled an alligator very much. It had every resemblance of a young gator, except it had a smooth skin and is spotted like a rattlesnake and measures seven inches in length. He now has this wonderful monster in a large tin vessel, which he keeps supplied with fresh water, and says the monster will eat bread or anything that he may put in there for it to eat.

The sun's rays reflected from some bright tin pans put out to dry set fire to a house in South Fairfield, Mich. It happened that they were so placed that the reflection from each pan focused on the same spot.

The centenary of a flower has just been celebrated by a banquet in Paris. The dahlia is just 100 years old in France. It first flourished in that country in 1790.

MT. ST. MARY'S ACADEMY.

Reno, Nevada.

CONDUCTED BY THE SISTERS OF ST. DOMINIC, will reopen Monday Sept. 1st, with an addition to the number of teachers. This academy offers to its pupils all educational advantages; music, art, science, physical, mental and moral.

Daily Nevada State Journal.

PRICE OF DAILY JOURNAL,
12 CENTS PER WEEK.

BREVITIES.

Bar silver, 110 1/2.

Paint your house with the best mixed paints. Sold by Lange & Schmitt.

Quite a crowd attended the social dance given by the Guards in their Armory last night.

Nearly all of the delegates came down from the Comstock last night, homeward bound.

Go to Lange & Schmitt for garden hose, garden tools, and agate ware. Largest stock in the city.

Ed. Lothrop finished his wood contract here the first of this week and left for his home near Oroville, Cal.

The funeral of the late James W. Poor will take place this afternoon at 2 o'clock from the Baptist Church.

Not only the railroads but the livery stables respect a rich harvest from the Republican State Convention.

The Miners' Union picnic at Treadway's park, Carson, takes place to-day. Quite a number of Renoites will attend.

Pinkies are not as plenty about the streets as they were, being out pennyunting or over in California picking hops.

G. W. Crum, the pioneer cattleman of the Humboldt, is reported seriously ill at his residence near Battle Mountain.

The California State Fair opens next Monday. The fare from Reno to Sacramento and return, good for two weeks, is \$9.40.

Misses Lena Joy, Hattie Rhodes and Katherine D. Linn have been employed at the State University as assistant teachers in the Normal Department.

The funeral of the eight-year-old daughter of Mr. and Mrs. G. B. Giucchio will take place next Sunday from their residence to the Catholic Church at 12:30.

Delegates to the Democratic State Convention at Reno must take a receipt from the railroad agent of whom they purchase their tickets, in order to get a return ticket free.

With the advent of a cooler and more moist atmosphere there is a gratifying scarcity of typhoid fever, diphtheria and kindred diseases. Coughs, colds and catarrh will be next in order.

In the rush and bustle incident to a political campaign, the Nevada State Fair must not be overlooked. It is of the utmost importance to all the various industries of the State that the Fair should be a success, and the people alone have the power to make it such.

The Palace Dry Goods and Carpet House announces in our advertising columns that it is selling house furnishing goods at remarkably low prices; also a beautiful line of dress goods, cloaks, wraps, jackets and fancy goods at prices to suit everybody. Fall goods are now arriving.

"Electroshock" is what you must call your mode of death if you happen to be executed in New York. It's hard to pronounce, hard to understand and hard to go through, but it signifies "death by electricity" and consequently means something, which "electrocution" doesn't.

Heavy Demand for Cars.

The Sacramento Record-Union says: "The Southern Pacific Company is just now feeling a pressure on its freight transportation facilities that it has never felt before. Every available car is pressed into service and is used so as to get the greatest amount of service from it. The operating department is seeing to it that cars are returned from other lines as promptly as possible and fruit cars are constantly being hauled back empty from the East to supply the demand here. With all this several thousand more cars could be put to use in the company had them. All this is because the aggregate freight business of the State at the present time exceeds that of any former year. It is also a result of the fact that the principal products of California all move at about the same time. From the first of August to the beginning of the rainy season the grain, fruits, hops, raisins and other products of the State are in movement, and the present activity will increase rather than diminish up to the beginning of the rains.

The Southern Pacific Company has 20,000 freight cars, of which 14,500 belong to the Pacific system. This is an abundant supply for nine months in the year, and more are not built for the reason that several thousand cars would stand rusting most of the year. The company does not expect that the demand for cars will be so large next year."

Attention, G. A. R.

The members of General O. M. Mitchell Post, No. 69, G. A. R., are requested to meet at their hall on Saturday at 1 o'clock to attend the funeral of our late comrade, James W. Poor. All visiting comrades are cordially invited. By order

Wm. Lucas, Post Commander.

W. L. BRENTZEL, Adjutant.

The Water Case.

The trial of the Bliss vs. Danphy et al. water suit was resumed Thursday in the District Court at Winnemucca. The Silver State says an explanation of maps, showing ditches and dams, by Surveyor Maxon, engaged the attention of the Court during the day. There are one hundred or more witnesses to be examined, and it is predicted that it will take weeks, some say months, to try the case.

THE TICKET NOMINATED.

THE PLATFORM ON WHICH THE
REPUBLICANS WILL FIGHT
IN NOVEMBER.A Plain and Pointed Declaration of
Principles—A Winning Ticket
Nominated.

After a short session in the afternoon the Convention convened at 8 o'clock Friday evening and retained the temporary officers as the permanent ones, receiving the reports of the various committees and adopting the following platform and declaration of principles:

THE PLATFORM.

No political party in human history has taken such advanced positions for the equality of races, none has so wed the administration of authority to the needs of business, none has so managed the affairs of a State as to encourage the development of a content, none has so elevated a nation and so contributed to the happiness of man, none has so honestly and economically carried on the routine duties of office.

In all things it has been the direct opposite of the Democratic party. Grand in its ambitions and impulses, frugal in its expenditures, it has, strong in its devotion to principle, it is now, as it has been from birth, the representative of all that is noblest and best in its own country and hope and promise of a better future for the human race.

Its battles for human rights, its preservation of the Union, its abolition of slavery, its protection of labor, its elevation of manufacturers, its upholding of the National credit, its efforts in behalf of honest financial methods, its honest system, and its devotion to popular education have made for it the greatest record of any political organization that of any other country ever had.

The names of its heroes are legion, and the deeds of Fremont, Lincoln, Grant and Garfield will shine like electric lights on the pages of history. The Republic of Nevada, in convention assembled, heartily indorses the acts of the city-first Congress, which has made greater advances in correcting and legislation than any since the war.

The crime of filibustering, so often resorted to by the Democratic party for the purpose of defeating legislation and blocking the wheels of government, has been done away with by the action of the McKinley and their associates, and the offenders thought that Congressmen are paid by the people for making good laws and not bad politics.

It had a strictly party line, and it had a clear question that will lead us to free courage and disarm all opposition among Republicans.

It has taken up the work of a reindorsement of the tariff in a particular and business way, such as will protect the interests of labor and at the same time encourage capital to enterprises that will furnish it with employment at good wages.

New States which were denied the rights before have been admitted to the Union, and the grip of McKinley has upon the Presidency broken.

Those that grew rank under Cleveland's Administration have been broken up and made to obey the laws of honest government.

Efforts are being made to prevent or punish frauds and intimidations in elections.

A navy has been provided for and suitable pensions granted to prevent suffering among the sick and wounded heroes of the war.

Provision is being made for the reclamation of the arid regions, where the Republican policy of reclamation and the extension of the public domain and the land thrown open to settlement, and in all things the pledges of the National platform are being fully realized.

We indorse the Administration of President Harrison and commend his conservative course as a strong contrast with the profligate office, during the former Administration, and without touching the lowest price ever known, and farmers burdened their own for fuel. Trains were diminished, houses discouraged, strikes evaded, the mail service was demoralized and business could itself oppressed, trusted or being encouraged by the methods of the Government, whose whole business should be to benefit the country.

Today silver, wheat, iron and all the products of labor are rapidly rising, and while the Democratic officials may perhaps be innocent of intentionally unjustifying the people, they are guilty of the results of business as they would be for crimes.

Under Harrison, Chinese and contract labor are kept out of the country, American laborers and American products are encouraged by a tariff, and the tariff is lowered in a wise, firm and patriotic manner. In presenting the ticket to the voters of Nevada, the Republican party judges the questions of reclamation, silver and the public domain to be the most important in the present administration and state expenditures.

We pledge our nominees to a system of State improvement which shall save the country from the waste and device means to secure its use in the irrigation of fertile lands now lying idle.

We indorse the measure introduced by Senator Stewart proposing to extend the land and public domain to the State for the purpose of aiding in the improvement of water storage and irrigation systems, and we appeal to all agreed and the President to grant this much needed aid.

We indorse the request of our Senators and Representatives in Congress, and commend their efforts to establish, on a better basis, the use of silver and money, and realize our uncompromising demand for the free coinage of gold and silver and their equal status in our National currency.

We indorse the practice of letting mail contracts in this State to the lowest bidder, who must obtain such contracts only for the purpose of sub-letting the same as resulted in an inferior and unimproved mail service.

Resolved, that our delegation in Congress be requested to procure, if possible, the enactment of a law to prevent such abuses in the future.

We are in favor of the improvement of the wages of American labor by restricting immigration from foreign countries, a thorough revision of our naturalization and land laws, the construction of railroads and other public works, the free schools and popular education, the enforcement of a free labor and fair contract, cherishing the industries of our country, the protection of every citizen, and the enforcement of a policy that will extend our commerce, the settling of all foreign complications by arbitration, and liberal appropriations by Congress for the construction of water reservoirs and a system of irrigation.

Resolved, that we are in favor of the Australian system of ballot.

We indorse, as the coming election the question of whether or not a Constitutional Convention will be held as to be submitted to the people, that we earnestly invite a calm and thorough discussion of the question during the campaign.

Resolved, that it is the policy of the Republican party of Nevada to secure full and possible retributions in public affairs, and especially in expending with temporary offices and business enterprises in adjusting salaries upon a basis of services performed, decreasing the per diem and mileage and shortening the session and reducing the number of members of the Legislature, in the reduction of taxation and in consolidating county offices and diminishing county expenses, and to the end we pledge the members of the convention and earnestly ask that the members of the several county conventions be likewise obligated.

THE TICKET.

On reconvening at 10 o'clock yesterday morning the convention proceeded to the nomination of a State ticket.

Hon. G. W. Baker nominated R. B. Bigelow, of Washoe for Supreme Judge, and he was declared the unanimous choice of the convention.

Judges Rising, of Storey, Cheney, of Eureka, Wells, of Ormsby, and Talbot, of Elko, were nominated for the four District Judgeships.

Hon. H. F. Bartine, of Ormsby, was declared the unanimous choice of the convention for Congressman.

R. K. Colcord, of Esmeralda, was nominated for Governor by acclamation.

For Lieutenant Governor, Hon. J. P. Foulds, of Lincoln, was declared the nominee.

For Attorney General, J. D. Torreyson, of Ormsby.

For Secretary of State, O. H. Grey, of White Pine.

For Clerk of the Supreme Court, Joe Josephs, of Storey.

For Controller, R. L. Hunter, of Lander.

For Treasurer, John Egan, of Storey.

For Surveyor General, J. E. Jones, of Eureka.

For Superintendent of Public Instruction, Orvis Ring, of Washoe.

For State Printer, Jos. Eckley, of Storey.

For University Regent, long term, J. Haines, of Douglas; short term, E. T. George.

For Reclamation Commissioner, long term, H. Springmeyer, of Douglas; short term, A. H. Manning, of Washoe. For the unexpired term, L. A. Blakely, of Humboldt.

This completed the ticket, and the convention then selected a State Central Committee.

The Susanville and Ligon Stage Rubbed.

The Susanville Advertiser gives the following particulars of the stopping of the Susanville and Ligon stage last Monday:

"Last Monday evening the stage coming from Ligon to Susanville was halted a short distance east of Warden's place, between two and three miles below Millford, and Wells, Fargo & Co.'s box taken. The stage was coming up a slight hill at a slow trot, when the demand was made to halt, and so totally unexpected was the summons, that a second and more emphatic command was given before Frank Cain, the driver, and the passengers aboard, really comprehended its significance. The moon had just swung clear of the hills to the east, and as the stage came to a stop, the form of a man could be discerned standing to the left of the driver in the shadow cast by the coach. He was disguised and armed with a rifle, with which he kept the driver covered. The passengers, there in number, were quietly told to hold up their hands, and then, not waiting to see that this demand was complied with, the highwayman ordered Cain to 'throw out the box.' After an instant's hesitation Frank complied, and was then told to 'drive on.' It is needless to say that this injunction did not have to be repeated, or that last time was made to Millford. At this point the story of the robbery was told, but it was considered best to wait until the following morning before commencing a hunt for the robber.

"The passengers were Lee Perkins, brother of Supervisor Perkins, Miss Perkins, a daughter of John R. Perkins, and Ferd La Point, of Adia. They were not molested, and beyond the command to hold up their hands, no attention was paid them, a fact for which they are individually grateful.

"The whole affair was neatly and promptly executed, and Mr. LaPoint says that he only had time to note that the robber was a small man with an immense big gun, when he found himself nudging Cain to hurry up with the box, and they were under way again, and the affair was over.

"The latest information is that the pursuing party, consisting of Sheriff Cady, Will Minckler and an officer from Reno, were supposed to be closing in on their man. The Reno officer, sent out by W. E. & Co., returned to Millford last evening, with the intention of rejoining Cady and Minckler to-day, and is said to have reported there that if Cady didn't get the robber last night they would certainly capture him to-day. The trail was plain and easily followed, and in a potato patch in the canyon near Millford were found evidences that the robber had provided himself with a supply of 'ruds.' With the start he has had it will be somewhat remarkable if he be overtaken so quickly. A description of the man supposed to be the robber has been received here and telegraphed to different points, but as it is based merely upon supposition, we refrain from giving it."

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. RULES OF THE TRACK.

Entrance to all trotting and running races to
 close with the Secretary at 9 o'clock P. M., on Wed-
 nesday, August 20, 1890.
 All entries to be made in writing, to give sex,
 colors and marks of horses, and name and resi-
 dence of owner, and in running races colors to be
 worn by rider, and any other particulars that will
 enable the audience to distinguish the horse in the
 race.
 Write "entries to races" on outside of envelope
 and seal.
 Entrance fee, 10 per cent of purse—to accompany
 entry.
 In all races five or more to enter and three or
 more to start.

National Association Rules to govern trotting,
 but the Board reserves the right to treat heats of any
 two classes alternately, if necessary to finish any
 day's racing, or to treat a special race between heats.
 A horse making a walk-over shall be entitled only
 to entrance money paid in. When less than the
 required number of starters declared, they may con-
 test for the entrance money to be divided as follows:
 66 2/3 to the first, 33 1/3 to the second.
 In divided purses no horse shall receive more
 than one-half of the purse.
 In all the foregoing stakes the declarations are
 void unless accompanied by the money.
 Please observe that in the above stakes, declara-
 tions are not to be made until after the race, and
 in all running races entries not declared out by
 6 P. M. of the day preceding the race shall be
 required to start.

 void unless accompanied by the money.
 Please observe that in the above stakes, declara-
 tions are not to be made until after the race, and
 in all running races entries not declared out by
 6 P. M. of the day preceding the race shall be
 required to start.

Unless otherwise ordered by the Board no horse
 is entitled to be entered in any District race before
 10 o'clock on the day preceding the race, and before
 10 o'clock on the day of the race, and any entry
 by any person of any disqualified horse shall be
 held liable for the entrance fee contracted, without
 right to compete for a purse, and shall be held
 liable to penalties prescribed by the National
 Association and Rules of the State Agricultural
 Society, and expulsion from the Association.
 In the opinion of the Judges, any race can
 not be completed on the day of the race, and any
 race may be continued or declared off at the option
 of the Judges.
 In all races noted above, five or more paid up
 entries required to fill and three or more horses
 to start, but the Board reserves the right to hold
 entries and start a race with a less number and
 deduct a proportionate amount of the purse.
 When less than the required number of starters
 appear they may contest for the entrance money,
 to be divided as follows: 6 2/3 to the first, and 33 1/3
 to the second.

Rules of the State Agricultural Society to govern
 running races except where conditions named are
 otherwise specified.
 Any person not intending to start his horse must
 notify the Secretary in writing at least 24 hours
 before the evening previous to the day of the race.
 Horses entered in races can only be drawn by
 consent of the Judges.
 A walk-over in any race a horse shall only be
 entitled to his own entrance fee and one-half of
 the entrance received from other entries for said
 purse; and a horse winning a race entitled to first
 money only, except when the conditions of the race
 entitle to first and third money only.
 When but one money under any other circumstances
 The attention of all parties interested is particu-
 larly called to the rules of the National Agricul-
 tural Association, under provisions of which, racing
 as otherwise specified, all matters pertaining to
 the trotting races will be conducted.
 Races begin each day at 2 o'clock P. M. sharp.
 J. W. THOMPSON, President.
 E. HENDERSON, Secretary, Quincy.
 J. E. FARDEN, Asst. Sec'y, Susanville.

REMARKS AND CONDITIONS

Nominations and entries to all stakes must be
 made two days preceding the race, or before the 15th
 day of August, 1890. Entries for the purse must
 be made two days preceding the race, at the regular
 time for closing entries as designated by the rules.
 Horses who have nominated in stakes must name to
 the Secretary in writing which they will start the
 day before the race, at 6 P. M. Horses entered in
 purses can only be drawn by the consent of the
 Judges.
 Entrance to all trotting races will close Septem-
 ber 1st with the Secretary.
 Five or more to enter, three or more to start in all
 trotting races.
 National Trotting Association Rules to govern
 trotting races. Pacific Coast Blood Horse Associa-
 tion rules to govern running races.
 All trotting and running races to be the best three
 in five unless otherwise specified; five to enter and
 three to start. At the Board reserves the right to
 hold a less number than 5 to fill, by the withdrawal
 of a proportionate amount of the purse. Purse to
 be divided pro rata. Entrance fee, 10 per cent on
 purse, to accompany nomination.
 National Association Rules to govern trotting; but
 the Board reserves the right to treat heats of any
 two classes alternately, if necessary to finish any
 day's racing, or to treat a special race between heats.
 A horse making a walk-over shall be entitled only
 to entrance money paid in. When less than the
 required number of starters declared, they may con-
 test for the entrance money to be divided as follows:
 66 2/3 to the first, 33 1/3 to the second.
 In divided purses no horse shall receive more
 than one-half of the purse.
 In all the foregoing stakes the declarations are
 void unless accompanied by the money.
 Please observe that in the above stakes, declara-
 tions are not to be made until after the race, and
 in all running races entries not declared out by
 6 P. M. of the day preceding the race shall be
 required to start.

CARSON CITY, NEVADA

INSURANCE.

THE
MANHATTAN
Insurance Company.

Assets, \$12,000,000.

The history of the past has proven beyond a
 question that an endowment policy in a life insur-
 ance company is a much

BETTER INVESTMENT

Than a savings bank; FIRST, because it is very
 much safer—as the law of the State of New York
 requires every life insurance company to keep a

Reserve in First-Class Securities

Equal to its liabilities, dollar for dollar; SECOND,
 in case of death while making these small deposits,
 the life insurance company will pay, just when
 most needed by the family, the

Full Amount

Of the sum insured, amounting to 10, 20, or even
 30 times as much as has been deposited; or on the

Return Premium

Plan of the MANHATTAN, they would do even more
 than this, for they would at death pay the face of
 the policy and in addition all the deposits (premi-
 ums) paid, while the savings bank would only re-
 turn the amounts actually deposited with interest.

Who would not purchase a valuable piece of
 property—a farm for example—worth \$10,000, if he
 could have twenty years to pay for it, in small
 sums of \$300 per annum with interest on deferred
 payments and without any tax on the \$300 per
 year being only 3 per cent of the \$10,000—a sum
 not much greater than that paid annually for taxes
 on property in hand, of the same cost, and espe-
 cially if he could have the further conditions espe-
 cially stated in the contract, 1st, that if he dies
 while making these payments—even after one only
 has been made—

No Further Payments Shall be Required

And the full title in fee simple to the entire farm
 shall at once be given to his family; and 2d, that
 if at any time after the three years during the
 twenty years he shall be unable to continue the
 payments and from sickness or any misfortune,
 that then he could discontinue any further pay-
 ments and have in fee simple such portions of the
 farm as he has paid for; thus, if one-fourth of the
 payments had been made, he would own one sep-
 arate fourth of the farm, etc., and at the same time
 the farm be entirely free from all claims of credi-
 tors, under all circumstances, not even to be reached
 by writ of execution or attachment issued by any
 court, while if living to the end of the twenty years
 and the annual payments have been made, the

And the full title in fee simple to the entire farm
 shall at once be given to his family; and 2d, that
 if at any time after the three years during the
 twenty years he shall be unable to continue the
 payments and from sickness or any misfortune,
 that then he could discontinue any further pay-
 ments and have in fee simple such portions of the
 farm as he has paid for; thus, if one-fourth of the
 payments had been made, he would own one sep-
 arate fourth of the farm, etc., and at the same time
 the farm be entirely free from all claims of credi-
 tors, under all circumstances, not even to be reached
 by writ of execution or attachment issued by any
 court, while if living to the end of the twenty years
 and the annual payments have been made, the
